

A Typical Week of Learning

◆ SAMPLE — FLEXIBLE & PERSONALISED

Learning at The Proxy Academy flexes around your family. Choose the way your child learns best: a hands-on **Online Cohort**, fully personalised **One-on-One** tutoring, or **In-Person** classes at our In-View campus — each built around making something real for the portfolio every week.

Please note: This is a sample to show how a typical week can look. Real schedules are flexible and personalised — days and times are arranged around your child's age, level and availability. All times shown are West Africa Time (WAT).

Online Cohort — Hands-On

All courses · small groups · mostly self-paced

Weekly live wrap-up

DAY	TIME (WAT)	SESSION	WHAT HAPPENS
Mon – Fri	At your own pace	Watch & Build-Along	Watch the week's lesson video and build along, step by step, in your own time
Saturday	10:00 – 11:00 AM	Live Session	Live cohort session: show your build, get feedback & ask questions — the week's video then closes

One-on-One — Private Tutoring

Any course · fully personalised space

2 × 1 hour / week

DAY	TIME (WAT)	SESSION	WHAT HAPPENS
Your choice	1 hour	1:1 Session	Live private session — a new concept is taught and built together with the tutor
Your choice	1 hour	1:1 Session	Second weekly session — guided build, review and portfolio progress. You pick both days & times

In-Person — In-View Campus

On-site learning · after-school & Saturday

After-school + Saturday

DAY	TIME (WAT)	SESSION	WHAT HAPPENS
Tue & Thu	4:00 – 5:30 PM	In-Person	After-school contact sessions with an instructor, on campus
Saturday	10:00 AM – 12:00 PM	In-Person	Saturday live class — extended build time, feedback and portfolio work

Session Types

Watch & Build-Along

Self-paced lesson video. Your child watches and builds along. For cohorts, access closes at the end of each week.

Live Session

Real-time online class. The cohort's end-of-week wrap-up with an instructor — feedback and Q&A.

1:1 Session

Private one-hour tutoring. Twice a week, on the days and times you choose.

In-Person

On campus. Contact sessions with an instructor at our In-View campus.

How Our Week Works

Build First, Explain Later

Students make something real from the first minute; theory follows the hands-on experience.

Project Time Every Week

Every week includes hands-on build time, so there's always a tangible result to show for it.

Portfolio Progress Reviews

Regular 1:1 mentoring tracks each student's growing portfolio, not just attendance.

Online cohort, one-on-one & in-person formats are all available.

We'll tailor a schedule to your child's age, level and availability. Reach out for a personalised timetable.
