

Tuition & Payment Guide

TRANSPARENT PRICING · FLEXIBLE PAYMENT

At The Proxy Academy, your child doesn't just take a class—they **build real, shareable projects**, work with **expert mentors**, and graduate every module with a **professional portfolio**, not just a certificate. Classes stay **small and flexible**, so every student gets genuine attention. This guide explains our pricing tiers, what's included, and the payment and discount options that make it work for your family.

Instalment Options

BEST VALUE

Pay per module

Pay **₦270,000** once at the start of each 3-month module. The simplest option — one payment covers the full module.

A deposit of **₦200,000** secures your child's place.

SPREAD THE COST

Monthly instalments

Split a module into 1 monthly payments of **₦90,000**. An instalment fee of 70% (or 180,000) may apply.

First payment confirms the place; the balance is due before the third month of the module ends.

Discounts & Savings

Frequently Asked Questions

Can my child switch courses?

Yes. If a course isn't quite the right fit, we'll help your child move to a better-suited track — usually at a natural break between modules, so no progress is lost.

What devices are needed?

A laptop or desktop with a stable internet connection and a webcam is ideal. We'll share the recommended minimum specs for your child's chosen coding, design or game track when you enrol.

What if we miss a class?

Cohort lessons are video-based and can be watched any time that week. Live and one-on-one sessions can be rescheduled or caught up directly with your instructor.

Is there a free trial or consultation?

Yes — book a free consultation (and a trial session where available) so your child can experience a class before you commit to enrolling.
